Education

Rungta College of Engineering and Technology

Bachelor of Technology in Computer Science and Engineering – 8.86/10 CGPA

Aug 2025 – Present

Bhilai, Chhattisgarh

New Government Polytechnic Patna-13

Diploma in Computer Science and Engineering – 8.78/10 CGPA

Sep 2022 – June 2025

Patna, Bihar

Experience

Birena InfoTech OPC Private Limited

Software Developer Intern

Sep 2025 – Feb 2026

Patna, Bihar

- Developed a **Social Media Management System** to simplify **content management across multiple client accounts** from a single platform, reducing manual effort for marketing teams.
- Built **secure RESTful APIs, authentication modules, and database services** using **Spring Boot, Spring Framework**, along with **Node.js, Express.js, and MongoDB** to support daily business operations.
- Deployed applications on **AWS EC2 using Docker and Kubernetes**, with **CI/CD automation through Jenkins, Terraform, and Ansible**.

Projects

Movie Ticket Booking Platform | Java, Spring Boot, Spring Security, JPA, MySQL

June 2026

- Built a movie booking platform to manage **movies, theatres, shows, seats, users, and bookings** using Spring Boot and REST APIs.
- Used **Controller–Service–Repository architecture** and JPA with Spring Data repositories for **entity mapping and database operations**.
- Implemented **Spring Security with JWT and role-based access control**, and used **multithreading with locking** to handle concurrent seat bookings and prevent double booking

Vulnerability Scanner platform | Python, Flask, React.js, Redis, Celery, OpenRouter LLM

April 2026

- Developed a full-stack vulnerability scanning platform to automate **reconnaissance and security testing**.
- Implemented **Celery and Redis** for asynchronous and parallel execution of security scans, improving scanning workflow efficiency.
- Integrated an **OpenRouter LLM** to analyze scan results and provide simplified explanations of detected vulnerabilities.

Hospitality Management SaaS Platform | React.js, Node.js, Express.js, PostgreSQL

December 2025

- Developed a full-stack hospitality management platform to streamline **room booking, guest management, and hotel operations**.
- Implemented **RESTful APIs** using Node.js and Express.js with PostgreSQL for reliable data management.
- Added **Redis caching and database optimization** to improve application performance and reduce database load.
- Deployed the application on **AWS with Nginx reverse proxy** for production-ready hosting.

Technical Skills

Languages: Core Java, Advanced Java, JavaScript, SQL

Full Stack Development: Spring Boot, Spring Core, Spring Security, MicroServices, React.js, Node.js, Express.js, MongoDB, PostgreSQL, MySQL

Cybersecurity: Burp Suite, Nmap, Nuclei, SQLmap, Wireshark, , Katana

Cloud & DevOps: AWS , Linux, Docker, Ansible, Jenkins, Terraform, Kubernetes

Tools: Git, GitHub, Postman

Certifications

Getting Started with AWS – Simplilearn (September 2026)

Cybersecurity - Penetration Testing and Exploitation Techniques – Coding Spoon (June 2026)

Data Base Management System (Elite) – NPTEL, IIT Kharagpur — (July - Sep 2024)

CCNA v7: Introduction to Networks – Cisco Networking Academy (July 2023)

Achievements

Champion, TechSprint Hackathon 2026 – GDG , Rungta International Skills University
